

# Instructional Analysis

**FIRST**  
Educational  
Resources

Let us take the guess work out of your school improvement and professional learning planning. Our in-depth analysis will provide you with a detailed report of what is working and what is ready for improvement. We will provide a list of recommended next steps and would be honored to be your partner to implement them.

## Our Process

- Initial Planning Call
- Stakeholder Survey
- Onsite Visit Including:
  - Interviews
  - Classroom observations
- Written Report with Detailed Recommendations

Our one-day, free\* analysis will ensure you get the information you need, with funds remaining to implement the plan!
